

## Summon

### Hittar du inte vad du söker?

Om du inte hittar vad du söker i Summon (antingen för att du får få träffar eller för att dina relevanta träffar försvinner bland en massa icke relevant material i träfflistan) kan det vara en god idé att istället söka i en ämnesdatabas. Summon ger rekommendationer på relevanta ämnesdatabaser baserat på dina sökningar längst upp i träfflistan.
